About the Product

The İzelmak Vertical Single Auger Feed Mixer SD120 is the most powerful model in the series, designed for large-scale farms. Its wide wagon and large auger allow easy processing of large bales. Thanks to its in-house manufactured gearbox, it delivers high efficiency with low power requirements. It can be used as a stationary or tractor-mounted machine, and its electric option provides fuel savings, while the front conveyor belt ensures practical and efficient feed discharge.
